Dear Josh:

The copy of your note to Lessel arrived today, just as I was proofing the charts for the paper on E. coli K-12 pedigrees. I have changed K12 to K-12 in the charts, except when it occurs in the designation K12S, which I believe was never called K-12S.

I hope that this will help to reduce<sup>u</sup> the ambiguity. I shall make the change throughout the text, when the proof of the text arrives. (If it ever does. Bact. Revs. appears to be running even further behind schedule than usual.)

Sincerely,

*Barbara*
